

BRIT Awards 2013

The BRIT Awards is widely regarded as the biggest event in the British music industry's calendar. The 2013 event was held 20th February at London's O2 Arena in London and presented by James Corden. The big winners on the night included Emeli Sande, Ben Howard, Coldplay and One Direction.

Qdos Event Hire, the event industry's leading provider of event accommodation and toilets, was delighted to provide cabins, luxury toilets and waste tanks for this year's BRIT Awards.

Qdos supplied cabins for use as production offices and hospitality areas for backstage and the after-show party. They also supplied luxury toilets to support the existing facilities in-house at the venue. In addition they installed tanks for the catering waste.

It is a prestigious event that attracts a lot of attention from the media and the general public and Qdos is extremely proud of the part they played in its smooth running and overall success.

"It was the first time we had used Qdos for all our cabins, waste tanks and servicing and I cannot fault them. Extremely efficient and adaptable to scheduling – was great to have them part of the BRITS team" Lisa Shenton, PAPILO / BRITS Productions
