

The Qdos tour of London's key stadia

Qdos Event Hire has been busy supporting a number of high profile sporting events throughout November and December. Our ability to provide clients with a 'single order solution' for event accommodation, mains toilets, luxury mobile toilets, showers and single plastic units has seen us working at a number of London's key stadia.

Beginning with Rugby's QBE Autumn Internationals held at Twickenham during November we supplied a 3+2 luxury fresh water trailer for O2's Blue Room guests in the west car park fan zone and a 16ft office for the O2's av and production staff and equipment.

On November 9th we headed to Wembley to provide Wasserman with a 40 ft production and site office for the NFL Fan Zone they were running at the Jacksonville Jaguars v. Dallas Cowboys Game.

Next up were the ATP World Tour Finals held at the O2 Arena from November 15th – 22nd. We worked with AEG Live and provided 11 containers, 2 plastic toilets and 2 event offices for event security and event storage. We also provided servicing for the toilets throughout the duration of the hire.

Finally we provided the UCI Track Cycling World Cup London, held in the Velodrome, Queen Elizabeth Park from December 5th – 7th, with a 16ft ticket office and 16ft production office.

"Great products, fantastic service – I'm looking forward to working with Qdos again soon!"

Paul Ashby, Event Team Manager, O2
